Heh!

Urgh! Ahh!

Urgh ...

breath out

Cut! More.

Hit harder.

It has to feel real! Roll it again!

What? Not again!

I've heard,

you're assisting us with Nightpiercer, our arcanist "vigilante."

Yes, sir.

Our suspect is highly unpredictable. There's not much time.

Director Noire.

I heard someone's been stalking you.

Probably just crazy fans. I'm used to it.

Now get to make-up. This is an important scene.

About that fire, eight years ago—

What happened?

Did you join my cast just to interrogate me?

First, the Nightpiercer case.

Now this ... mass hysteria.

If they're trying to bring a movie to life,

then the last puzzle piece—

The Shehuo Parade.

Wow! What's that?

That's Qiangliang, the Xiandao Beast.

So cool! Like a big cat! Thanks!

What's your status, 9527?

No sign of the suspect, over.

Lily?! You smell something?

What's that ...?!

Wow! What an awesome parade!

Eyes on suspect. Requesting backup!

Arise Qiangliang, swift and fierce!

Banish all evil and cleanse this place!

Look! It's the real Qiangliang!
