COL-202300

The Fogwalker has requested the Foundation's assistance.

Due to a mysterious change in the smog, they've been experiencing extraordinary rates of tuberculosis.

We need someone experienced in medicine

to go to London and investigate.

Ms. Tooth Fairy!

I'm Brimley, the ranger colleague of Arthur Fog.

There's a lot more going on here than meets the eye.

Miss!

Watch your head!

Are you here for the Uluru Games?

Here in Cross Street, we're all celebratin' the upcomin' Uluru Qualifiers!

I'm Flutterpage.

I wake everyone up in the mornin'!

The most amazin' witch lives here too!

These snails are for her to eat!

Is she French?

Why, you seen her in France?

I've never even seen her leave the house.

It's all because of her—that "Fog Hag"!

She's the one who created the black fog! She's cursed us!

To protect the health of all involved,

the London Uluru Qualifiers have been canceled ...

Why should I care?

I'm no athlete. I've only got one leg.

Just like I've nothing to do with the Uluru Games.

The qualifiers would've held the Floor Ritual.

She was a once-in-a-generation Floor Ritualist.

We'll just have to hold our own Games!

Have you forgotten about the challenge?

Charlotte O'Hagan.

I don't care what anyone thinks.
