COL-200200

That was a night in 1971, a night with pouring rain.

In that rain, the communication center of Zeno lost contact with the Green Lake Campsite.

But ... wasn't it a story?

I am kind of attracted, indeed.

Staying here is really not a wise choice for you.

It's our right to stay here. You can't just expel us!

Someone is passing messages to us through these notes.

We have been with a "Butcher" whose identity is unknown to all of us ...

Like the story of Zeno Youth Force,we are in real danger now.

Blonney ... Blonney ...

Stop playing hide-and-seek! This is not funny!

The critters are multiplying. Things are getting worse.
