第一章 1-1.4（新手引导湖泊场景）

[English text unavailable] COL-100013

维尔汀：……嗯?

Vertin: ... Hm?

十四行诗：——司辰?！太好了！咳，我正在想如何才能找到您。

Sonetto: ... Timekeeper?! Yes! Ahh, ahem, I ... I'm just thinking about how to find you.

十四行诗：请问这里是什么地方?

Sonetto: May I ask where is this place?

十四行诗：您是使用了大型神秘术收录号 000262603100008 的“心向往之”把我传送过来的吗——

Sonetto: Did you use the advanced arcane skill "Aferoj Around," No. 000262603100008, to send me over?

十四行诗：不对，应该不是这个……

Sonetto: No, it should not be this ...

维尔汀：十四行诗?！为什么……

难道是因为我触碰了……那个线?

Vertin: Sonetto?! Why are ... Is it because I touched ... that line?

维尔汀：十四行诗沉浸在喜悦中，而不远处传来一阵鼾声。

Vertin: While Sonetto is immersed in the joy of the reunion, someone is snoring nearby.

星锑：呼噜噜……

Regulus: *grunting*

星锑：雾气渐渐散去。星锑正抱着一块石头呼呼大睡。

Regulus: The fog lifts and reveals Regulus. Now, she is sleeping soundly with a rock in her arms.

十四行诗：星锑?！

Sonetto: Regulus?!

十四行诗：Z 女士说得果然没错！她说星锑和你在一起！

Sonetto: Madam Z is right! She said Regulus was with you!

维尔汀：什么?！

Vertin: What?!

十四行诗：星锑她——嗯？她看起来不太清醒……唔……

Sonetto: Regulus, she ... Hmm? She seems to be asleep ... well ...

十四行诗：嗯、我怎么也有点……好晕……?

Sonetto: Umm ... I am also a bit like ... quite dizzy ...?

维尔汀：怎么全都晕倒了?

Vertin: Why did you all black out?

维尔汀：究竟发生了什么？我好像没受到什么影响……

Vertin: What happened? I don't seem to be affected ...

维尔汀：那架纺车还在远远地发着微光。

Vertin: On the lake, the spinning wheel is still shimmering.

维尔汀：……

Vertin: Hmm ...

维尔汀：一会儿得再回来检查一下。

Vertin: I should come back and check again later.

选项 / Choices
1. 先带她们离开
1. Take them away first.

水声渐渐远去。
The sound of water is left behind her.

TO BE CONTINUED…
TO BE CONTINUED...

第一章 1-1.3（新手引导湖泊场景）
[English text unavailable] COL-100014

维尔汀：这是从未涉足过的地方。
Vertin: This is where Vertin has never been.

维尔汀：星锑！星锑——！
Vertin: Regulus! Regulus!

维尔汀：完全看不到她……雾越来越大了……
Vertin: I can't see her at all ... The fog is getting thicker ...

维尔汀：走近了才发现，湖中央的半架纺车上，缠绕着奇怪的线。
Vertin: Vertin goes closer and finds half a spinning wheel in the middle of the lake, with strange threads on it.

维尔汀：……这条线是平面的?
Vertin: ... The line is two-dimensional?

水漫了上来。
The water rises.

维尔汀：水，更多的水漫了上来。
Vertin: More and more water rises.

维尔汀：地上浸满了暴雨时的水。奇怪的是，它们没有水的重量，也没有水的湿度。只是缓缓地在流动着——就像时间。
Vertin: The ground is covered with rainwater from the "Storm." Incredibly, the water has no weight, or humidity. It just flows slowly and quietly, like time.

维尔汀：时间……
Vertin: Time ...

维尔汀：我好像见过这个场景……就在……我——
Vertin: I seem to have seen this ... It's ... I ...

维尔汀：手中握着的线，不，这个无法带给人任何感知的线状物，在视线中渐现成一条明路。
Vertin: The line in her hand, technically the line-like thing in her hand which cannot be felt in any way, has gradually formed a path in her sight.

维尔汀：而有人将应邀前来。
Vertin: And someone is going to be invited over.
